

NOTICE

As a part of our series of student- centric programs, I have immense pleasure in announcing that a fifth 8 day Student Development Program (SDP) will commence from 29th August, 2020 and will end on 5th September, 2020. This SDP entitled "Machine Learning: Logistic Regression" will be conducted by our alumnus Dr. Sushant K. Singh , Head of Artificial Intelligence Competency, Health care and Life Sciences, Virtusa Corporation Newyork , USA.

Machine Learning is a contemporary ever - evolving subfield of Artificial Intelligence. It enables computers to build models in order to automate decision making process based on data inputs. Logistic regression is a supervised learning classification algorithm based on concept of probability. Such disruptive technologies symptomatic of Fourth Industrial Revolution signify their immense importance. UG and PG Students as well as Research Scholars of Science and Geography are expected to reap full advantage of such SDP. We are happy to note that our all previous four SDPs had been highly successful and were well received by the students. On successful completion of the SDP, participants will be awarded Certificates.

Prof. Tripti Gangwar will be Program Coordinator and Dr. Nisha Kumari will be Convener for this SDP.

The registration on the link given below will start from 5.00 PM on 24th August 2020 and will remain active till 10 PM of 28th August, 2020. Registration can be made on the link given below:
