

Recommendations of the Expert Committee

Sub: P.M. & I.R. and L.S.W.

We went through the prepared syllabus given to us of P.M. & I.R. and L.S.W.

We have made certain modifications in the syllabus wherever it was necessiated.

We recommend that the syllabus be presented for approval of the Hon'ble Chancellor through proper channel.

P.G. (L.S.W) Curriculum in CBCS (Choice Based Credit System) as per UGC Guidelines Prepared by the Magadh University, BodhGaya (By the order of the HE Chancellor)

There is an urgent need to create new knowledge with organic links, to encourage, promote and strengthen the scientific temper and cater to the heterogeneous needs of our society. This can be done through creations of culture of knowledge & building critical higher order competencies of the human capital with social consciousness.

In changing global scenario, there is a need to prioritize cross-cultural, inter and multi disciplinary learning integrated with technology along with the development of multiple abilities and inclusion of missing perspective. New knowledge should be inclusive, integrated, value-based, skill-based, socially relevant, pluralistic and cutting edge to ensure that benefits reach one and all. New Knowledge should consent of application of existing knowledge to relevant needs of the society. Appropriate strategies should be adopted so that new and innovative methodologies of teaching & learning include ICT enabled Teaching-e- Learning, Online Courses.

Education, Research & Innovation are the coordinal means of Nation Building, essential for the preservation of social standard and social cohension. There is a need to formulate policy to develop mechanism to illustrate and highlight the benefits of Research & Innovation is addressing problems of National & International scale. There is a need to establish mechanisms for connecting and interacting with global research community.

P.G. curriculum should allow formation of collaborations and partnerships with industry for establishing centers for excellence in research & innovation. Course curricula should be redesigned with special emphasis on developing research temperament and innovative thinking.

Education, undoubtedly, play critical role in shaping the economy of both individual & the nation.

There is a need to provide for flexibility so that students, depending upon their interests, can chose inter-disciplinary, intra-disciplinary and skill-based courses. This can

Sudama Singh
12/6/18

16/5/18

16/5/18

Head
P.G. Department of Labour & Social Welfare
Magadh University, Bodhgaya

be possible when Choice Based- Credit System (CBCS), an internationally acknowledged system, is adopted. The CBCS not only offers opportunities and avenues to learn Core subject but also provide for additional avenues of learning beyond the core subjects for holistic development of an individual. The CBCS will also facilitate us benchmarking of courses in accordance with best international academic practices.

Advantages of CBCS

- (i) CBCS is globally acknowledges system. It allows mobility of students across institutions of higher learning.
- (ii) CBCS focuses from Teacher-centric to Student centric education
- (iii) In CBCS students may undertake as many credits as they can cope with (without repeating all courses in a given semester if they fail in one/more course).
- (iv) CBCS allows greater freedom to students to chosen inter-disciplinary intra-disciplinary courses and also skill oriented papers.
- (v) CBCS makes education broad-based and at par with global standards. One can earn credits by completing courses with different permutations and Δ combinations. For example, Physics with Economics, Microbiology with chem. Or environment science, Psychology with L.S.W. etc.
- (vi) CBCS officers flexibility to students to earn credits at their own pace.
- (vii) CBCS allows students to earn credits from across different institutions to complete their programs as credit earned from one institution as credit earned from one institution can be transferred to another.
- (viii) CBCS allows integration of best coursed from best teachers through Massive Open Online Courses (MOOCS) by using ICT tools.

Thus, CBCS provides an opportunity for students to chosen course from prescribed course comprising Core, Elective/minor or skill based courses.

This courses can be evaluated following the grading system, which is considered to be better than the conventional marking system.

Magadh University, Bodhgaya

Coursequently, it is necessary to introduce uniform grading system across the institutions of higher-learning. The main features of CBCS is to make P.G. education student centric rather than system centric or teacher centric for raising the employability of the students with more quality and value addition with innovative tools of knowledge in the global competative era.

1. **Academic Year** : Two consecutive (one (01) odd + one (01) even) semesters shall constitute one Academic Year.
2. **Course** :- Course unusually referred to as Paper, it is a component of a Programe. All courses need not carry the same weight. A course may be designed to comprise Lectures/Tutorials/Field work/ Project Wok/ Vocational Training/Viva/ Seminar/ Term Papers/ Assignments/ Presentations/ Self study work, etc. or a combination of some of these.
3. **Programme** : An educational Programme leading to the award of Degree.
4. **Semester** :- Each semester shall consist of **15-18 weeks** of academic work equivalent to **90 actual working days**.
The Odd Semester (I or III) may be scheduled from **July to December** Even Semester (II/IV) from **January to June**.
5. **Credits** : Credit is a unit by which the course work is measured. It determines the number of hours of instruction required per week. One credit is equivalent to one hour of teaching (Lecture or tutorial) or two hours of practical/Field work per week. (4 to 5 Lecture in a Month and 15 in 90 days i.e. in a semester).

Thus, in each course credits one assigned on the basis of the number of Lectures/Tutorials/Field work and other from or Learning required for completing the contents in 15 week schedule. 02 hours of filed work/Labolatory work is generally considered equivalent to 01 hour of Lecture.

1. **01 Credit – 01 hour** of institution per week (01 credit = **15** contact hours of instruction per semester.
2. **03 Credits = 03 hours** or institution per week (03 credits course= **45** contact hours of Instruction per semester.

12/4/18

16/5/18

16/5/18

Head
P.G. Department of Labour & Social Welfare
Magadh University, Bodhgaya

3. 01 Credit = 01 hour of Tutorial per week (01 credit course = 15 contact hours of Instruction per semester).
4. A Core/Elective Course with Practical Component may carry up to 06 credits without practical may carry upto 05 credit Self-Study Course shall carry not more than 03 credits.

A **Dissertation/Project work/ Field work** may carry upto 16 credits along with other Core/Elective, a Semester, Long, Dissertation may carry upto 24 credits. In this, it shall carry 9 credits.

Types of Courses :

Each program may have three types of course Vz (a) core course (b) elective course (c) self study/ Skill based courses.

(a) Core Courses – (i) The Core Courses are Courses whose knowledge is deemed essential for students registered for M.A. degree programme.

(ii) Core Course a mandatory for all the students registered for M.A. Degree Programme

(iii) Core Courses shall be spread over all the semester of programme.

(b) Elective Course :-

Elective Course can be chosen from a pool of Papers. Elective Courses are intended to:

- (i) allow student to specialize in one or more branches of the broad subject area.
- (ii) help the students to acquire knowledge and skills in a related area that may have applications in the broad subject area.
- (iii) help students to bridge the gap in the curriculum and enable acquisition of essential skills.
- (iv) help student to prove an area of interest
- (v) One student may also chosen additional Elective Courses offered by the University to enable students to acquire extra credits from discipline, or across the discipline.

LABOUR LAWS

M.A-LSW- EC(I)-305

Full Marks- 100 (70+30)

Credits – 04

Contact Hours 15X4= 60

Objectives

A worker is not merely a stimulus-response mechanism who is motivated by some economic incentives. He is a social being and as such must be provided with the necessary facilities to perform his tasks. In order to ensure this, governments enact and enforce laws that help promote the welfare of the workers in different establishments. Our special concern is the Indian situation.

Unit-I: Basic Concepts Labour Law: History - nature scope and object of and labour legislation special features of labour legislation: social security, social assistance, social insurance 2. Labour Policy: Need for such a policy Enactment of various laws Relevance of these laws to society at large 3. **Labour Welfare: Meaning** - features - scope - importance types - principles.

Unit-II: Safety and Welfare 1. The Factories Act 1948: Health, safety and welfare - hours of work - holidays and leave with pay - employment of women and children inspection and regulation. 2. The Employees Provident Fund Act 1952.

Unit-III: Laws Relating To Industrial Relations 1. The Industrial Disputes Act 1947. 2. The Industrial Employment (Standing Orders) Act 1946

Unit-IV: Laws Relating to Wages Important legislations concerning these: 1. The Payment of Wages Act 1936 2. The Minimum Wages Act 1948 3. The Payment of Bonus Act 1965 4. The Equal Remuneration Act 1976.

Unit-V: Miscellaneous Act 1. The Contract Labour (Regulation and Abolition) Act 1970 and rules. 2. The Tamil Nadu Payment of Subsistence Allowance Act 1981 and rules. 3. The Employment Exchanges (Compulsory Notification of Vacancies) Rules 1960

Dissertation : Master of Arts

General Guidelines

1. Selection of Topic
2. Pilot Survey. If needed
3. Significance of the Study
4. Review of Literature
5. Research Gap (Optional)
6. Conceptual Framework- Conceptualization & Operationalization (precise and Specific meaning of the terms and concepts.
7. Theoretical framework (Optional)
8. Formulation of Research Question/ Issues
9. Research Objectives
10. Hypothesis (Optional)
11. Coverage (Universe/Simple & Period of Study)
12. Data source (Primary/ Secondary)
13. Tools of analysis (Analytical Framework)
